OFFICE OF LEGISLATIVE COUNSEL

Friday - 16 November 1962

25X1 1. [] Talked with Dorothy Feddick who had just returned from the around the world trip where she had met with many of our people. She indicated everything went smoothly and she and Tafts received very useful background information. She will contact me in a week or ten days after Tafts has returned to Washington and they will then fill us in in more detail.

25X1 2. [] Mr. Sam Scott, Senate Internal Security Subcommittee staff, advised that Senator Thomas Dodd requested, prior to his departure from the city this morning, that the staff meet informally with [] on Monday, 19 November and see how the hearing might shape up. Upon completion, Mr. McGinnis of the Subcommittee staff, is to contact Senator Dodd, who will still be out of the city, and if the assessment is favorably, Senator Dodd will return for the hearing. Mr. Scott further advised that Senator Dodd's presently planned date for return to the city is 27 November.

25X1 3. [] Advised Mrs. June Nigh, House Foreign Affairs Committee staff, that I now had a firm answer on Mrs. Kelly's request for a briefing on Soviet oil penetration in Europe and the determination was we would not brief Mrs. Kelly on this subject. Mrs. Nigh said she and members of the staff had talked with Mrs. Kelly on at least three to five occasions in the past week and that the Congresswoman had not raised the question of the briefing, however, Mrs. Nigh feels some responsibility to give her an answer on this before Mrs. Kelly departs the United States early next week. Mrs. Nigh debated whether she would bring the subject up or let it lie. I indicated this was a subject on which she would have to make her own decision. She may consult with Frank Schupp on this since Schupp has returned from Europe because of his wife's serious illness.
